RAW SCAN Includes minor tonal and color adjustments and minimal or no sharpening during the pre-scan stage. No post-scan color adjustments or dust and scratches removal is included.

CLEAN SCAN Same as RAW SCAN, plus post-scan cleaning of dust and scratches and additional color adjustments as needed to match the original.

Direct Digital Capture

Artwork, Prints, Slides, & Sculpture		
\$50	flat work 20 x 30 or smaller	100 mb
\$75	sculpture / works requiring special handling	
\$5	35mm slides / raw capture no adjustments \$50 minimum	18 mb

We use a high resolution digital camera to photograph artwork, prints, 35mm slides, photographs, and sculpture. The resulting master files are color matched to the original and saved to CD. Derivative files, such as cmyk tifs or internet jpegs, can also be created from the master files as needed.
